You may have noticed the 2 large black water tanks next to the 2nd tee. This means we can now hold an additional 50,000 litres of water, bringing the total to around 160,000 which should get us through any future droughts.

Thank you to Meridian Energy for donating the tanks, Jose Bryant for being cheeky enough to ask for them, Murray Adams for borrowing his work truck to move them, Webster Drilling for allowing him to pinch the truck for a morning & Boyd Atkinson for sorting out and installing the necessary pipework.

Following requirements from NZ Golf the Match Committee has decided that from last weekend onward Net Medal & Gross competition rounds will be loaded as a "Tournament Score". These scores will continue to impact your handicap, for better or worse, in the same way that they always have. The difference is that should you enter an elite tournament or some tournaments with rich prize pools you will have a record of Tournament Scores. It is all designed to beat the burglars. Full details can be found here <http://www.golf.co.nz/uploads/Explanation%20of%20tournament%20scores2.pdf> and here <http://www.golf.co.nz/uploads/T%20score%20FAQ2.pdf> Good luck staying awake reading this stuff.

Just a reminder, that over the next few weeks organised golf and the opening of the bar will only be done at the pleasure of any present committee members – so be nice to us.

This is a great time of year to introduce your friends to our course, bring them out and show them how wonderful it is!

Merry Christmas from the Committee and Management of the club. Here's hoping summer arrives soon and stays for a while.
