

The end of the competitive golf season is nigh  
Because of this we now need to hand out the silverware. Trophy Presentation day will be held of 6 December. Kicking off at 12.30 we have an Ambrose Tournament (with prizes) followed by the formalities and then dinner. Cost is \$15 for the tournament and meal or \$5 for just the golf. An entry form should be attached to this email.

=====

A word of warning. The Johnsonville Christmas Parade is also on this day. The main road will be closed and the traffic then clogs up the surrounding streets. Give yourself plenty of time to get to golf!

=====

The Murray Halberg Trust fundraiser day was held last weekend. The weather cleared in time but the wind remained. About \$2300 was raised for the trust which is an excellent effort. Graeme Loveridge & Bev Trueman won the two divisions and they now get to represent us at Paraparaumu Beach GC in February. A few other people excelled in the raffle. Thank you to all who played and special thanks to the prize donors.

=====

Some of the prizes in the raffle on Halberg day

=====

Congratulations to Michael O'Connor for his hole in 1 on number 9 at the Halberg Tournament

=====

The Drainlayer has been, he dug trenches, installed Novaflow and then filled in the trenches. He also opened up the main drains and re-metalled them. Now we are trying to grow grass over the feeder drains. This is why they have been roped off. Please keep off the sanded areas and feel free to berate anyone you see walking over them. When the truck delivered 4 loads of metal and 1 of sand he did a bit of damage to the fairway. Remember you get free, compulsory,

relief from any ground damaged by machinery on 1/10 & 2/11 – make sure you use it.

=====

All this work will hopefully see the end of the swamp in the middle of the first fairway during the winter.

=====

A quick way to spend 10 grand

=====

When 3 drains converge, and there is nowhere for the water to go you end up with a mid fairway swamp

=====
